

ATROM MINDCARE

Treating with care

- **Job Title**
Associate Specialist Grade – General Adult Psychiatrist
- **Location**
Atrom Mindcare, Epping, Essex
Predominantly on-site with a small number of pre-planned remote sessions
- **Contract**
Full-time or Part-time (flexible working considered)
- **Reporting To:** Clinical/Medical Director

-
- **About Atrom Mindcare**
 - Atrom Mindcare is a modern, holistic and progressive psychiatric clinic based in Epping. We provide high-quality, evidence-based mental health care through a multidisciplinary approach, combining clinical excellence with innovative technologies. We are a **Designated Body** and place strong emphasis on clinician development, wellbeing, and high standards of governance.

-
- **Role Overview**
We are seeking a motivated and compassionate **Associate Specialist Grade General Adult Psychiatrist** to join our growing service. The post-holder will work primarily on-site and contribute to both NHS and private services, with opportunities to develop specialist skills in neurodevelopmental psychiatry and interventional treatments.

-
- **Key Responsibilities**
 - **Clinical Duties**
 - Conduct **Adult ADHD assessments** for NHS patients referred via the **Right to Choose (RTC) pathway**
 - Prescribe and manage medication for ADHD under the **titration pathway**, where clinically indicated
 - Undertake **Adult ASD diagnostic assessments** in line with recognised standards
 - Deliver **Deep rTMS (repetitive Transcranial Magnetic Stimulation)** using **BrainsWay technology** for private patients with:
 - Treatment-resistant depression
 - Obsessive Compulsive Disorder (OCD)
 - Provide high-quality, patient-centred psychiatric care in line with GMC and Royal College of Psychiatrists guidance
 - **Multidisciplinary & Professional Responsibilities**
 - Participate in **MDT meetings**, case discussions and service development
 - Engage in **clinical supervision**, annual **appraisals**, and revalidation processes

- Maintain accurate and timely clinical documentation (with administrative burden minimised through **Heidi AI**)
 - Contribute to a culture of learning, quality improvement and clinical governance
-

- **Training & Support**

- **Full training provided** in Deep rTMS and BrainsWay technology
 - Access to **clinical supervision**, peer support, and structured appraisal
 - Support for professional development within a designated body framework
-

- **Person Specification**

- **Essential**

- GMC registration with licence to practise
- Experience working in **General Adult Psychiatry**
- Competence in psychiatric assessment, diagnosis and medication management
- Ability to work effectively within a multidisciplinary team
- Commitment to high standards of clinical care and patient safety

- **Desirable**

- Experience in **Adult ADHD and/or ASD assessments**
 - Experience prescribing ADHD medications
 - Interest in interventional psychiatry or neuromodulation treatments
 - Section 12 approval (or willingness to obtain)
-

- **What We Offer**

- Flexible **full-time or part-time** working arrangements
 - Predominantly **on-site working** with limited, planned remote sessions
 - Reduced administrative workload through **AI-supported documentation**
 - Supportive, forward-thinking clinical environment
 - Opportunities to develop specialist interests and new skills
 - Modern facilities and access to innovative psychiatric treatments
-

- **Equal Opportunities**

- Atrom Mindcare is committed to equality, diversity and inclusion. We welcome applications from all suitably qualified candidates.
