

Atrom Mindcare is excited to announce its partnership with Lokman Hekim Health Group, a leading healthcare group in Türkiye. This collaboration enhances our commitment to holistic care, allowing us to offer more comprehensive services to our patients.

Lokman Hekim Health Group was established in the capital of Türkiye – Ankara in 1996 by entrepreneurs with the aim of “the first brand that comes to mind when people think of hospital”, and started this journey with the mission of providing high-quality, affordable and accessible health services.

Lokman Hekim Health Group provides healthcare services globally with

- 5 Hospitals and 1 Medical Center and University in Ankara,
- 1 Hospital in Istanbul
- 2 Hospitals in Van
- 1 Diagnostic and Imaging Center in Erbil

As well as representatives in many different parts of the world, the group continues to be the door to remedy for a total of 2 million patients, with an average of 35,000 international patients every year.

By combining Atrom Mindcare’s holistic mental care expertise with Lokman Hekim's resources, we aim to improve our patients' healthcare experiences and provide a broader range of effective medical services tailored to their needs.

We look forward to elevating the standard of care for our patients through this collaboration.
